Discussion Introduction

The Teach for Soul Ministry is a special program that helps train and coach Christians so that they can "make disciples of all people." It encourages Christians to do personal and effective evangelism.

This special book review uses chapters 6–10 of Teach for Souls: An Emergency Response to Evangelism to train and equip Bible study leaders to help people make well-informed decisions about salvation and build strong convictions through a clear explanation of God's Word.

The goal is to help and teach Christians about important Bible topics that a good leader of a salvation-based Bible study needs to know to help others learn more about the Bible and come to believe in Jesus Christ.

Discussion Objectives

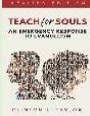

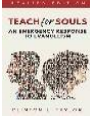

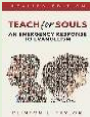

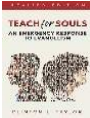

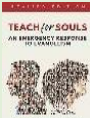

1. To provide a scriptural foundation for understanding the definition, cause, and reality of sin's effects.
2. To discuss the person of Jesus Christ while examining critical concepts of the Atonement, resurrection, and ascension, Jesus' offices, and the oneness of God.

3. To define, explain, and discuss God's plan for the salvation of humanity.
4. To discuss the advantages and disadvantages of accepting or rejecting Christ.
5. To discuss the state of our current world and the need for urgent evangelism.
